ALABAMA DECLARED UNABLE TO GIVE BOYS IMPARTIAL TRIAL

Judge Scores Defense Lawyer for Disparaging Remark Anew
Alabama Jurors; Patterson To Die June 16

DECATUR, Ala., April 17.—Trials of eight Negroes charged with attacking two white women on a night train near Scottsboro, Ala., were postponed indefinitely today by Judge James E. Horton after he scored a purported criticism of Alabama jurors in a published statement attributed to Samuel Leibowitz, chief of defense counsel.

This action came after Judge Horton had sentenced Heywood Patterson, first of the Negroes to be tried and convicted, to die in the electric chair June 16.

Reads News Article
Judge Horton from the bench read from the Decatur Daily, published here, a statement from Attorney General Thomas E. Knight, Jr., of Alabama, taking issue with a purported statement of Leibowitz as printed in the New York Herald-Tribune.

This printed statement quoted Leibowitz as follows:
"If you ever saw those creatures, those bigots, whose mouths are slits in their faces, whose eyes pop out at you like frogs whose chins drip tobacco juice, bewiskered and filthy, you would not ask how they could do it."

This statement was purported to have been made in response to a question as to how the jury, trying Patterson, Heywood Patterson, found him guilty on Sunday, April 9.

Defends Jurymen
Knight in his reply, printed in the Decatur paper, had said:

"If this statement was made by Leibowitz it can only be taken as a wall of a loser. Particularly in view of the fact that in his address to the jury (in the Patterson case) he lauded the people of Morgan county and the members of the jury to the skies."

"I do not know whether the leading counsel for the defendant made the statement imputed to him," Judge Horton said, "I am not stating that he did, but so far as it might influence this trial, it could make little difference whether he

actually said it or not. The effect will be the same. The published statement was uncalled for. It was addressed to a panel of highly intelligent jurors, and men who wished to do what was right in the case. The statement itself of necessity must make impossible any just and impartial verdict. The accused Negro must be a victim of this statement. His leading attorney would be a millstone about his neck.

Continues Case
"No court regardless of its duty to see that trials must be fair and impartial could under such baneful influences permit the trial of this case to proceed at the present time. It, therefore, becomes the unquestioned duty of this court at the present time, to enter of its own motion a continuance of this case until such time when in its judgement a fair and impartial trial may be had."

Knight was on his feet immediately. When the court recognized him he said: "The state of Alabama conducted a fair trial of Heywood Patterson. I as a representative of the state of Alabama, conducted a fair trial."

"I cannot stand by and hear that jury maligned. No, we aren't bigots in the south. We tried these cases fair in Jackson county and we tried them fair here."

"I have no apologies to offer for my reply to that statement," Judge Horton, nodded and said, "we understand that, my statement clearly infers that the defendants' chief counsel was at fault. It is the duty of the court to see that the defendant has a fair trial."

"I quite agree with the court that no fair trial could be held," Joseph R. Brodsky, chief of counsel in the absence of Leibowitz who was expected here tomorrow, said, "I don't believe Leibowitz made that statement."

"Leibowitz's view is that in Decatur and the south the white workers are imbued with the idea of white supremacy, and that only in union of the white and Negro workers warring against the ruling class can they gain their ends."

Knight with pounding of his fist upon a table, entered an objection to such orations in a courtroom in Alabama," and Judge Horton halted Brodsky.

3 Negroes Control Okla. Town

OKLAHOMA CITY, Okla., April 18.—(CNS)—Meridian, a small town about 40 miles Northwest of here recently "fell into the hands of Negro trustees". Last week a town election was held and the "lily-white" oligarchy which has controlled the village for many years was caught napping.

The white members of its governing board failed to file for election in time and three Negro candidates, John Spann, John Holden, and Tessie Flowers, all prominent citizens, got on the official ballot, to the exclusion of the "napping" white trustee, and were duly elected.

While there is much agitation, strong resentment and some talk, it appears nothing can be done about it and the new board may elect Negroes to fill all of the village offices.

CHICAGO ATTORNEY NOMINATED FOR CIRCUIT COURT JUDGE

By BEVERLY J. BELL

CHICAGO, April 11.—(Special)—Chicago, Cook county and Illinois have again set pace for the entire nation in political preferment. Attorney Nathan K. McGill, counsel and general manager of The Chicago Defender, was nominated Saturday in the judicial convention for judge of the circuit court of Cook county on the Republican ticket. Attorney McGill is one of a field of candidates to be voted for in a general election June 5.

He is the only member of the Race ever honored with the nomination to this office.

It is one of those unusual cases of "the office seeking the man." "I had no thought of being nominated," said Mr. McGill, as he talked with a large group of friends in his office, come to congratulate him on the honor. "When I am elected," he continued thoughtfully, "I will discharge my duties faithfully and in the interest of all the citizens."

"It seems to me that the opportunity far transcends the individual. The recognition exemplifies the spirit of Chicago and Illinois to fairly regard all divisions of the electorate."

The first of the week telegrams, letters and long distance calls from all sections of the country are being received by the doughty attorney, extending congratulations and well wishes.

Loyal to Abbott, One of Many Honors

During the long illness of Mr. Abbott Mr. McGill has been faithful to the institution founded by Mr. Abbott, and loyal to his personal interests.

Only a short time ago Attorney McGill conducted a term as assistant attorney general of the state of Illinois, being the first person of the Race to be appointed on the regular staff of the attorney general with a salary of \$5,000 a year.

Prior to this appointment Mr. McGill had been assistant county attorney, 1926, and assistant state attorney, 1925, in charge of night court.

CAUGHT DELIVERING "MOONSHINE"

(Special)—William Goins, 47, 1322 South Street was held to Federal court Thursday when he claimed ownership of a five-gallon can of "Alky", delivered to his house by a white man trailed by Federal agents. Robert Jones, 35, of the same address was released by U. S. commissioner, W. D. Remmel, when he protested a genuine reluctance to return to Leavenworth prison where he has spent a year and a half.

Robert Cain, 302 Brackenridge street and Julie Stevens, 25, 1322 South Street, were arrested for possession and transporting of liquor, when agents caught them as they attempted to deliver two gallons of whiskey at 242 North Calhoun street. Both are in jail in default of \$1,000 and \$500 bonds respectively.

NEGROES HERE CONTINUE TO BID FOR NATION'S 1933 HIGHEST MURDER RATE

Two East Side Men, in Family Quarrel over Employment, Fight Savage Duel with Knives; One Dead

The horny old commonplace that history repeats itself seems in a fair way of becoming an established fact as colored Indianapolis continues to evince a determination to recapture the lawlessness of the days of barbarism.

In a city that boasts nearly two hundred churches, numerous educational opportunities of easy access, and a civic pride that fondly caresses "the Crossroads of America", the gaunt specter of murder runs rampant obviously at will.

The city's latest bid for the country's highest "murder" rate emerged from a savage duel fought by two men last Thursday.

Isaac Lowery, 72, was mortally wounded in the bloody knife battle at his home, 2244 Martindale Ave. by his step son, Frazier Campbell, 50, 2248 N. Dearborn street, following an argument as to who was the boss of the house. He died a short time after reaching the City hospital where he was rushed by police.

The victor, Campbell, severely lacerated by the victim, was also treated at the hospital, and later arrested and held on a charge of murder.

Irene Crane, 19, 2220 Sheldon street, and Stella Evans, sister of the man charged with the murder, were questioned by police as witnesses.

Campbell, the witnesses old police, came to his step-father's house on the day of the murder and demanded to know whether the elder man was seeking to find work, adding that his mother, the dead man's wife, Mrs. Ada Lowery, worked every day for a living to support the family.

Lowery, they said, replied that he was the boss and would run the house to suit himself. The other man, so the story goes, becoming enraged, threw a coffee pot at the older man's head, who in dodging the missile, fell upon the floor.

As he rose, he brandished a long rusty corn knife with which he made violent thrusts at the more agile Campbell.

Campbell, so police were told, was cut over the left eye and on the hand before he managed to inflict upon Lowery the three deep knife wounds in the chest and abdomen, that resulted in his death.

Campbell, dripping with blood, was arrested by radio patrolmen who found him in the office of Dr. Johnson, 1822 1/2 Martindale avenue. Thirteen stitches were required to close his wounds.

King & King were in charge. Survivors are, a wife, Mrs. Ada Lowery, a daughter and a grand-daughter.

Mr. Lowry was known to many East Side residents. For more than half of the twenty years of his residence in this city, he served as democratic sheriff of the Fourth precinct of the Second ward. Up until two years ago he operated a trucking transfer and hauling business.

FUNERAL RITES HELD FOR 2ND HARDY BROTHER

Irvin Hardy, Police Officer, Buried 10 Days after Brother

A whimsical fate ended its flippant caprice in the lives of two brothers last Monday when funeral services were held for Irvin Hardy, 60, Indianapolis police officer, just ten days after the burial of his older brother, William 65, custodian of Attucks high school.

Last rites for the younger brother, Irvin were held at the New Bethel Baptist Church. Rev. George Baltimore conducted the service.

And escort of Indianapolis Motor cycle police led the funeral procession viewed by hundreds of people who braved a steady down pour of rain to pay last respects to the deceased man. A crowd of several thousand people filled the church within and formed a drenched mass of sorrowing friends and sympathizers without.

Burial was in New Crown Hill Cemetery. Funeral services for the elder brother were held April 8th, at the same church with Rev. Baltimore conducting. Burial was in Crown Hill Cemetery.

Several months ago William Hardy was stricken at his home, 1134 N. Hamilton Street with rheumatic heart disease. He was rushed to the City hospital where an emergency operation was performed. One day later the younger brother was

ALLEGED KILLER CHANGES PLEA; GIVEN "1 TO 10"

A criminal court jury was spared the onus of a murder trial Monday when Lewis Collins, in the early stages of his trial for the murder of Jodie Jumper, alleged "bad man", gunman and racketeer, in a manner similar to several recent occurrences in that court, suddenly switched from a plea of "not guilty" to a "guilty" on a charge of involuntary manslaughter.

The outcome of a huddle by the judge defense and prosecuting attorneys and witnesses was the imposition upon Collins of a one to ten years' sentence in the Indiana State Reformatory by Judge Frank Baker.

The shooting of Jumper, 734 Drake street, occurred April 7, 1932. According to stories told police by witnesses at that time, Jumper and his brother, John quarrelled with Collins over possession of a five gallon can of alcohol at Collins home in the 700 block N. Charlotte street. All three men left a short time later only to meet in an alley in the rear of Collins' home, all arrived with shot guns.

In the pitched battle that ensued Jumper was mortally wounded, and his brother, John, seriously wounded. Collins escaped immediate apprehension but was arrested several months ago in Dayton, Ohio and returned here by Detective Sergeant Claude White.

To support his original plea of self defense, it was reported that the accused man planned to exhibit scars of bullet wounds which he claimed he received in the exchange of shots at the time Jumper was killed.

In explaining her action and that of the organization she represents Mrs. Bailey said, "This latest act of 'white supremacy' should arouse us to the necessity of organized effort to better our condition. All branches including the senior and young adults of Indianapolis should join this fight to dispell the seeming existing opinion that Negroes in Indiana will not protest or fight for their rights."

Gets Court's O. K. To Shoot Another Woman after 64 Yrs.

CINCINNATI, Ohio, April 18.—(ANP)—Henry LaMare, 64, after shooting one woman was given the court's permission Wednesday to shoot another.

LaMare was accused of shooting Eva Bell in the arm. It was the first time in all of his sixty-four years that he had been in trouble. Judge Stanley Struble deferred sentence, saying:

"After a man has lived to be 64 years old without ever having any trouble, he ought to be entitled to one breach without serious punishment."

"So I place you on probation for sixty-four years. LaMare, if you live out that probation, you can shoot another woman."

THOMAS GARVIN, PROMINENT ODD FELLOW, BURIED

Colorful and impressive funeral rites were held Wednesday afternoon at one o'clock for Samuel E. Garvin, 61, at Mt. Zion Baptist church, who passed away at his home, 1616 Boulevard place Sunday afternoon at 1:15 after an illness of three weeks. Rev. M. A. Talley read the service.

Many beautiful floral designs and wreaths adorned the casket. Many friends and relatives of the deceased gathered to pay their respect to a "true friend."

Samuel E. Garvin was born in Heart County, Kentucky in 1872. He received his early education there and was a graduate of Kentucky State Normal. He came to Indiana where he completed his education at the State Normal college in Terre Haute. After graduating he returned to Kentucky where he taught school for twenty years. LEGIONARIES IN FINAL BIG DRIVE

The final big drive of the American Legion for New Members, directed with all the skill and strategy employed in the World's War, will culminate in an all-day program staged by the Legion at the Municipal airport here, April 30.

From all parts of the country, high speed airplanes, carrying the Legion emblem will rush final returns to National headquarters. Particularly inspiring will be the long range dash of the planes coming from San Francisco and New York. Through the generosity of a prominent local man, a privately owned plane will bring the newly pledged membership cards from Terre Haute to this city.

The local Y. M. C. A. Post, far behind in its quota of New Members is being groomed this week by H. Francis Whiteside, state chairman on membership, and L. A. Coleman, post commander for an intensive effort which they hope will put the post among the state's leaders. This could be done, it was pointed out, if each member secured the membership of at least one ex-soldier not now a Legion member.

The April 30th program will include stunt flying, airplane drills, bugle corps and band concerts, artillery show battles and many other military exhibitions.

HAMPTON PLANS C.I.A.A. TRACK MEET MAY 20

Collegiate Meet Opens Prep Titles To Be at Stake

HAMPTON INSTITUTE, Va., April 20.—Hampton is making elaborate plans for holding the C. I. A. A. Championships on Armstrong Field, May 20, 1933. Last year the Association closed the Championship Meet to outside colleges but by vote at the Annual Meeting, it was decided to again allow outside colleges to participate in the annual meet. There was a strong feeling on the part of the member institutions that the time had not arrived in the development of track and field sports in Negro colleges to bar the various institutions from the most important meet of the year. Therefore, leading institutions with track teams will be invited to participate. Already such schools as West Virginia State College, Tuskegee, and some of the Atlanta schools have indicated their intention of entering the 1933 Championships.

If an outside institution should succeed in winning the Meet, a high point trophy will be awarded such a winner; but the C. I. A. A. school winning the highest number of points will receive the C. I. A. A. trophy.

The National High School conference will be held at the same time as usual. Some of the high schools in the mid-west have also indicated their intention of entering the meet this spring.

Howard Drew, the joint holder of the 100 and 220 yard World's record, will be referee and official starter for the games. There will be sixteen events for the colleges and eleven for the high schools. Gold, silver, and bronze medals will be awarded to the winners for first, second, and third places. Special trophies will be awarded winners of the Meet and also to the Championship relay teams.

Opinion of Some Coaches on 3.2 Beer

Should or should not athletes use beer as part of their nutrition? This question has been asked by many coaches, sportsmen, athletes, and sports writers.

Beer is a stimulant containing alcohol, coffee is a stimulant containing caffeine. Many coaches placed beer in the class of unwholesome. Some coaches will absolutely prohibit their players from using beer while others will be moderate on the question.

Excess fat is usually predominate among the beer drinkers, this type of fat only a bloated condition and is a detriment to the athlete.

Here are some opinions of persons connected with the profession of building up the physical condition of men and women in Indianapolis:

ELADIOS VALDES DIES FROM SELF-INFLICTED WOUND

Was Despondant Over Failing Eyesight Since Cuban Debut

NEW YORK, April 22.—(Special) Eladios Valdes died in Harlem hospital as a result of an attempt to commit suicide because of failing eyesight. Valdes was 27 years old and fought under the name of "Black Bill" in the flyweight class.

While fighting in Cuba, Valdes was struck in the eye by an opponent who had resin dust on his mitt. Slowly after that encounter the sight began to fail. "Black Bill" brooded over this incident and while his wife was shopping, fired a bullet into his stomach.

Kid Chocolate and other boxers staged a benefit show for Black Bill on Nov. 29th, 1931 when the title contenders sight first began to fail. "Black Bill" achieved much recognition and fame when he was a finalist against Midget Wolgast of Philadelphia in a flyweight elimination tournament promoted by Madison Square Garden in March 1930. He lost a gruesome battle over the full route of fifteen rounds to Wolgast who is yet recognized as the flyweight contender and champion of New York.

"Black Bill" was a protege of Kid Chocolate and was on the brink of the title when the Cuban incident occurred.

He was presented in Indianapolis in 1930 in an exhibition at Tomlinson Hall. He is survived by his wife Frances.

BEATTY ENTERED PENN RELAYS TO DEFEND TITLES

Howard University and Hampton Teams Entered

PHILADELPHIA, April 21.—(Special)—Eugene Beatty, member of the crack Michigan State Normal track team, will defend his Penn Relay title in the famous Penn Relay meet which will be held on Franklin Field here April 28 and 29th.

Beatty has won the 400 meter hurdles twice and will be the center of attraction when the eliminations begin.

The Michigan ace is regarded as the greatest hurdler in the United States, though he was not a member of the U. S. A. Olympic team because of an accident in the final trials when a place was within his grasp.

In 1931 Beatty negotiated the 400 meter stretch over the sticks in 54.7, last year he clipped four fifths of a second off this record. He hopes to do even better this year.

International competition Beatty completely humbled Lord David Burghley the great hurdler from England.

Howard university and Hampton will be strong contenders for laurels in the Penn Relays with great relay teams as well as individual performers.

Negro Bantam Wins Ind.-Ky. A. A. U. Title

John Wingfall, bantam weight, Terre Haute, was the only Negro entrant in the Indiana-Kentucky A. A. U. boxing tournament which was held recently at Tomlinson Hall to finish with a championship.

In the finals he won the decision from Ray Harris, white, South Bend in the final round of his bout.

The winners and runners up in each division received a medal and will represent this section in the National A. A. U. championships which will be staged in Boston in June.

Some of the other Negro entrants in the tournament were: W. Hardesty, a charge of Kid Edwards, and C. Middlebrook, Babe Carson and Wm. Campbell, J. T. V. Hill community center. Hardesty a young white boy under the tutelage of Kid Edwards went to the semi-finals. Carson went to the second round. The boys from Hill center entered the tournament with no training and should be commended for facing a group of well trained amateurs.

Here is a slant on some of the stars on the Giant squad: Joe Lillard a former professional football player, pitcher, Wee Wilyum, pitcher Jordan, pitcher, N. Powell, M. Powell also on the mound. Others in the Giant camp are Stearns, cf, Radcliffe, 3b, Rodgers, rf, Davis, 2b, Suttles, 1b, Wells, ss, and Marshall, 2b. Brown does most of the catching.

Manager Bingo Demoss has worked hard to get his team and park together in order to maintain a place on the schedule in the NNL. The toughest break for Bingo was that he did not go South to train this year. The Stars will begin working immediately and from all indications they will have a fair team in the circuit. The chances for the Detroit team are, slim. Only recently was a park obtained for the Stars by Levey Tindle and Walter Norwood when they succeeded in taking the franchise from J. Roessink.

Some of the men who will appear in uniform for the Detroit Stars are: Newt Allen, Chet Brewer, Andy Cooper, Pep Young, Mothel, Theo. Radcliffe, and Palms.

The Pittsburgh Crawfords were the 1932 sensation. They came out victor in every series played with but two opponents. Chicago won three out of five but failed to sign for the second series. Homestead Grays finished one game ahead. Bad weather interrupted the final games and the playoff was not attempted after the season closed. New York Black Yankees finished with 10-10 in the number of games played.

Sport writers on the leading dailies were free and loud in declaring the Crawfords the best combination ever assembled. This was especially true in Eastern Pennsylvania, Western Pennsylvania, New York and New Jersey, where the Smoky City outfit showed often and victoriously.

Spring and Pretzels Combine to Make Annual 500-Mile Race Holiday Picnic

INDIANAPOLIS, IND.—Spring, the "new deal" and pretzels will combine to make the 21st annual running of the 500-mile automobile race at the Indianapolis Motor Speedway May 30 one of the greatest thrill picnics in the long history of these events.

It will be the first legal holiday in the new era of prosperity. It will be the first opportunity thousands will have to get out under the open sky and enjoy life. It promises to be one of the most interesting races ever staged and the new liberality of national and state prohibition laws will add to the holiday spirit.

The legalization of beer in the State of Indiana promises to reenact such scenes of happiness as have not been seen at the speedway since the pre-prohibition days of 1916 when Dario Resta, dashing foreign driver won to the uplifting of steins.

Under such circumstances officials believe that a crowd of between 135,000 and 150,000 persons will seize upon this first holiday for an opportunity to relax after a period of trouble and fill the 433 acres of picnic ground for the five hours of keen competition.

1. Dario Resta, picturesque foreign driver who won in the pre-prohibition days of 1916.
2. Back to the halcyon days of 1916 when a cool draft of beer waited the tired but happy winner.
3. Holiday spirit prevails as crowds roam among parked cars during progress of race.

HISTORY OF GREATER ST. JOHN A. M. E. Church

The Saint John Baptist Church was organized in the year of 1916 with a membership of six. The Rev. Andrew W. Smith of Waco, Texas was the first pastor, and under his administration the lot on which the old building stood and the building itself was paid for, and the adjoining lot was purchased and a number of improvements were made. Under his leadership, which was less than five years the membership increased from six to four hundred.

On Sunday morning, April 11th, 1921 he was called to rest.

The Rev. Frank W. White was then selected as pastor. Under his leadership the membership grew rapidly. Many souls were converted and back sliders reclaimed. The mortgage on the church property was burned and the parsonage erected and the last note paid.

On Sunday, April 11, 1923 he to

was called to rest.

The Rev. John F. Kersh of Oklahoma was the third choice. Many new members came into the fold under his administration.

On January 8, 1926, he resigned the pastorate.

The church, finding herself again shepherdless, called the present pastor, The Rev. Samuel S. Reed of Middletown, Ohio who accepted the call March 12, 1926. In the month of June, 1926 the old building was torn down and Sept. 5, 1926 the corner stone of the Greater St. John Baptist Church was laid and Nov. 14, 1926, the congregation worshipped in the first unit of the new edifice. Under this administration the church gained spiritually and materially and through this period of depression is marking time and waiting for divine order.

"Feel Like New"

"About three years ago, I found I needed a good laxative. I would wake up in the mornings feeling so tired I did not feel equal to the day's work in my home. I would have a bad taste in my mouth, and feel so dull and stupid. I thought it must be from constipation. I read about Black-Draught and decided to try it. I have never regretted doing so, for it gave me relief and I felt better after using it. I have used it at intervals ever since, and have found it very satisfactory. Just yesterday I felt so tired and dull, I took a dose of Black-Draught, and this morning I feel like new."—Mrs. C. Lee Davis, Anderson, S. C.

Friedmeyer Ins. Co. Offers New Policy

H. FRANCIS WHITESIDE

"If the automobile dealers can market their cars in such a way as to meet the changed conditions, due to decreased purchasing power, Agencies' cars and sales offer full protection on those cars in such a way as to challenge the complete satisfaction of the owners."

In other words, says H. Francis Whiteside, the Friedmeyer Brothers Automobile Insurance Companies, have issued a new policy which not only meets the demands for full coverage, but offers a liberalized monthly payment plan, a feature theretofore not used in insurance policies of this sort.

The Friedmeyer Company—an old line company—has twelve agencies in this city. It is one of the oldest and largest.

Mr. Whiteside, widely known automobile insurance salesman, has during his seven years experience in this field placed well over a half-million dollars worth of auto insurance of all kinds. He is agent for the Friedmeyer Agency which maintains its local headquarters at 2525 N. Delaware street.

FRANK BECKWITH, HENRY WILSON FORM NEW LAW PARTNERSHIP

FRANK R. BECKWITH

HENRY R. WILSON, JR.

The latest edition of legal progress made its appearance last week in the formation of a law partnership by Frank R. Beckwith and Henry R. Wilson, Jr., widely known young attorneys of this city.

Both have already written highly deep and wide, upon the pages of individual and community advancement, a factual basis upon which confident hopes for the future may be safely built.

Self-Made Man
Frank R. Beckwith, well known to many thousands of Indians, is known among his friends as the typical "self-made" man.

Born of humble parents in 1904, on Indianapolis' East Side, he soon began to exhibit a precocity that was as amazing as it was truly genuine. When hardly five years of age, a time at which most youngsters are just beginning to cast off their swaddling clothes, young Beckwith was assigned the duty of reading the daily newspaper to his father, a former slave who was himself unable to read or write.

An overmastering desire to gain of practical experience, and its twin first hand knowledge in life's school of extraordinary natural ability were roots from which sprouted an abiding interest in things political. Ever since the name of Frank Beckwith has been synonymous with Republican politics.

Most young men in their teens become completely absorbed in the engaging pursuit of a love ideal. Young Beckwith, at that time felt an insistent urge to master the A. B. C. of political campaign strategy. Submitting his newly acquired knowledge to a practical test, he undertook at the age of 17 the management of a campaign to elect two precinct committeemen, at the expense of a large sum of money by himself.

Sound Political Training
Drummer boy; mascot; messenger; distributor of cards, letters, pamphlets, hand bills; student observer; campaign strategist; and youthful spellbinder; all these were the courses of apprenticeship in the budding politician's career. The rudimentary knowledge and clear understanding of what makes the political clock tick.

Later, when the leaders of his party to which he has always remained deeply loyal, sorely best open revolt by colored republican voters of the state, cast about for ways of nipping incipient favored the placing of the towering form of Frank Beckwith in the van of the trench warfare of the 1920's, 1930, and 1932, Beckwith has in each case demonstrated the wisdom of that decision.

In the recent presidential campaign, Mr. Beckwith along with other colored leaders, were able to hold their republican strength to the loss of but five colored precinct over the entire state. Much of the strategy used was developed by Beckwith, who worked as organization representative, speaker and organizer. He is president of the Indiana Republican Alliance, the only accredited state-wide organization of colored republicans.

Appointed by Gov. Leslie
Considerable comment arose in 1929 when Gov. Leslie announced his appointment as director of Negro Welfare under supervision of the State Industrial board, in which capacity he has recently finished a four year term.

MY SKIN BETTER AND
QUICKER THAN ANYTHING
I EVER USED BEFORE

Thousands and thousands of people tell us this about Black and White Bleaching Cream. The big reason why it accomplishes such superior results is because it's Double Strength.

Double Strength

Black and White Bleaching Cream has the exclusive DOUBLE STRENGTH feature. It cannot be compared to weak, ordinary bleaches because Black and White penetrates down to the skin's fourth layer where coloring is regulated. That's why it lightens and brightens the skin in half the time and clears up bumps and blemishes with magical speed. Demand Black and White Bleaching Cream (Double Strength).

For best results always use Black and White Skin Soap (c) before you use Black and White Bleaching Cream.

cast to stage Pre-Easter Passion
drama, April 13. Rev. Ralph Mark
Gilbert, pastor of Harlem Baptist

written by Mr. Gilbert and was given
by a complete Negro cast, supported
by the plantation melodies of Negro
spirituals. Jesse Dickinson direct-
ed the huge chorus, which accom-
panied the action of the play. Many
of the dramatic events of the Bible
story of Jesus' passion were depicted

"NATURE'S WAY", METHOD USED AT YOCUM LAUNDRY

"Any body can wash clothes, but
only Nature can sweeten and fresh
en them."

This is the supporting policy of
the Yocum Laundry service which
offers to wash your blankets free
during the period of its special serv-
ice drive.

We merely extract the dirt, then
let Nature do the rest.

"The secret of sweet clean, fresh,
snow white, or fabrics lies in many
rinses of soft water and drying in
the purifying rays of natural sun-
light" says J. L. Yocum, laundryman
of many years experience with all
sorts and all kinds of clothes and
their owners. "Do we satisfy our
customers? Don't take my word for
it" he said with a knowing wink
in his eye. "Here, call any one of
these numbers—any one". And it
was certainly a long list.

The following are a few of the
telephone numbers, whose owners
are satisfied Yocum customers:
Ta. 4664; Wa. 0350; Ta. 4718; Hu.
8741; Ta. 5003; Wa. 0214.

All classes of service are offered
at charges that compare with the
lowest elsewhere.

Only pure soap and soft water
through which every article is passed
twelve times, each fresh and clear
are used in preparation of the fin-
ished product.

The Yocum Laundry is located,
2622 Paris Avenue. The phone
number for information and call
for and delivery service is Talbot
2326.

DECLARES PAINS IN HEAD CAN COME FROM FEET

If your head aches did you ever
think that your feet might be the
cause? If your back aches did
you ever think your shoes might be
responsible?

Mr. Heidenreich of the Heids Foot
Comfort Shop, 16th and Illinois Sts.,
a Shoe Store was serious when he
put the question to a reporter who
had come in to ask him about the
big demonstration now going on at
the store.

"Yes," he said, "you would be
astounded at the number of people
who have suffered backaches and
headaches for years and then had
these pains suddenly disappear
when they were fitted with proper
shoes or foot appliances. Disorders
of the feet, such as fallen arches,
not only manifest themselves in
corns, callouses, bunions, etc., but
make themselves felt through aches
and pains in all parts of the body."

Free Demonstration
"This is Dr. Scholl's Foot Comfort
Week and the number of people

I. F. HEIDENREICH

who have come here for relief from
their foot troubles have been very
large. We have sent any number
of them out with their feet feeling
like new. Our demonstration, which
continues is free to all foot suf-
ferers."

He then explained that Dr. Scholl
had made a life study of feet and
foot troubles and as a result had
invented appliances and remedies
that had brought relief to millions
of people. Each one of them is, a
specific for a particular foot trouble.

A visit to the store obligates no
one to make a purchase. It simply
offers an excellent opportunity to
find out just how good one's feet
are.

One of the scientific means of de-
tecting arch trouble is stepping
upon Dr. Scholl's Pedograph which
gives a faithful print of the stock-
inged foot. Anyone is free to come
in and get a print of his or her
feet.

Normal Arch Shoes
Extreme pains have been taken,
according to Mr. Heidenreich's state-
ment, to design the "Normal Arch
Shoes" so that they will give the
proper balance, and meet with Dr.
School's approval, he being the out-
standing Foot Authority in this
country as well as Europe.

Mr. Heidenreich has followed
right in the footsteps of his father-
in-law as well as his grand father's
foot work and shoe fitting. He says
that the 16th and Illinois Streets
store has been in the family for
over 24 years, being operated under
the name of Heids. This name was
selected since shoes are made from
hides and also Heids is a nick name.

In 1923 Mr. Heidenreich graduat-
ed from the Orthopedic School, and
has since made a good record in
foot comfort work. Folks should
be proud to have such a capable
foot comfort man, and should never
need go elsewhere for foot comfort.

"Youngest Mentalist on the American Stage"

M. P.—Will I travel at any time
this year, if so in what month and
to what city? May the Lord bless
you with health, success and happi-
ness for the joy you bring for
others.

Ans: You will travel sometime in
the early summer and it appears
to me that you will visit the World's
Fair in Chicago, Illinois. I think
you will contact a job in the Windy
City. I believe the good Lord will
spare you many happy years and
successful ones too.

B. E. M.—Does my baby's daddy
ever intend to do anything for him?
Ans: Your baby's daddy will do
nothing for the boy unless you keep
right after him and see to it that
he does. Don't let him get away
with things as easily as you are.
It is his duty to support this child,
make him.

H. J.—I have two girls in mind.
One name Mildred and the other
is name Lillian, which one of the
two will raise a family and be the
best wife?
Ans: Mildred will be the lucky
girl. You will marry Lillian. You
two will have lots of kids so don't
let this bother you.

S. M. B.—What shall I do to
change things and why do they act
such way?
Ans: They don't know any bet-
ter, that is why. A ray of sunlight
enters the crystal which signifies
an improvement ahead.

M. E. M.—My daughter is seek-
ing a new position. Can you tell
me where she should apply for suc-
cess?
Ans: I believe your daughter will
be successful at her present posi-
tion for I cannot contact any change
of positions for her anytime soon.

N. C.—I have a friend boy differ-
ently interested and devoted in me,
does he mean me any good?

Courses in Education

Adults Offered Free

BUFFALO, N. Y., April 19.—(Spe-

cial)—The Board of Education and

the State Department of Education,

cooperating with the Free Time Ac-

tivities Council of the Mayor's com-

mittee, have worked out a program

of adult education that puts before

the people of Buffalo an unusual

opportunity for self improvement.

Not only is the program providing

additional educational opportunities

for a large number of young peo-

ple and adults, but also providing

work in the form of teaching posi-

tions for many well qualified men

and women, who are at present un-

employed and without normal

means of support. Through the

State appropriation for the Buffalo

district 150 teaching positions are

being filled. There are teaching cen-

ters in every section of the city.

Classes are now forming.

This program was started Mon-

day, April 3rd, when four of Buffa-

lo's branch Y. M. C. A. buildings

housed the Adult Educational pro-
